"YOUR SUIT IS READY"

## COTTON BREAK ENDS IN LOSS OF 200 POINTS

(By the Associated Press)  
New York, Sept. 8.—Cotton broke 150 points or more at the opening this morning, due to overnight selling. Heavy buying early in the day advanced prices about 60 points from the lowest figure reached on the break.

Wednesday's sensational gains were wiped out by the break on New York and New Orleans cotton market today.

New York closed very steady with October contracts at 18.30 as compared with the previous close at 19.50. December contracts sustained about the same loss, dropping from yesterday's close at 19.80 to 18.65, or 115 points down.

New Orleans closed with October contracts quoted at 17.95 flat, 154 points under 19.49, the close for Wednesday. December ended its erratic course at 18.25 as compared with 19.85, the previous close. The New Orleans market was barely steady on the close.

Spots at New York were quiet and 110 points down, with middling at 18.65. New Orleans spots were steady 110 points down, with middling at 18.

## GOV'T. REPORTS HEAVY GINNINGS TO SEPT. 1

(By the Associated Press)  
Washington, Sept. 8.—Cotton from the 1921 crop ginned prior to September 1 amounted to 481,788 bales, or about 130,000 more than had been ginned to the same date in 1920, it was announced today by the bureau of the census.

No indication of the size of the 1921 crop is furnished by the above figures, as the percentage of the crop ginned prior to September 1 has since 1903 ranged all the way from 0.2 per cent of the total to 8.7 per cent. Prior to September 1, 1920 ginnings totaled 351,589 bales, 1919, 142,625, and 1918, 1,038,078. The official figures verify the prediction of cotton observers that ginnings on the first government report would be relatively heavy.

## REPORT HEAVY SALES OF HOLD-OVER COTTON

Today's break on the New York and New Orleans markets did not check the optimism which is held here in regard to cotton prices. The present is also well considered as a good time to unload as witnessed by several large sales consummated on the local market within the past 24 hours. H. Robinson, the well known Wooster merchant, last night sold to S. G. Smith his holdings of 113 bales. The same firm also bought 48 bales from E. L. King, the price not being made public in either case.

Leo Hamberg also bought 50 bales from C. E. Gentry and 20 bales from W. W. Bishop. All cotton transferred in the four sales was from the 1920 crop.

W. C. and Sam Wilcox, who had already marketed six of the first seven bales of 1921 cotton sold here, today added two more bales to the season's offerings. The two pick early, gin early and market as soon as ginned.

## 55 MILLION FUND PAID BY GERMANY

(By the Associated Press)  
New York, Sept. 8.—The total of reparations money thus far paid by Germany through this center was brought up to \$55,000,000 by the recent deposit of \$5,000,000 with J. P. Morgan & Company, for the account of the Bank of England and the Belgian government.

Payments are being made here in accordance with terms prescribed by the reparations commission, primarily because the United States is virtually the only country operating on a gold currency basis and for the equally important reason that "dollar" or American exchange now is the most valuable and available medium of international remittance.

It is also the purpose of Germany's former enemies, especially France and Belgium, to strengthen their reserves in this country for prospective purchases of foodstuffs and other raw material.

German exchange was extremely weak here, at the time of the last payment, the mark falling to 1.05 bid.

## NEGROES' PLEA TO HIGH COURT MADE TOO LATE

(By the Associated Press)  
Washington, Sept. 8.—Execution of the six Elaine negroes, set for September 23 at Little Rock, can not be prevented by the filing of application for a writ of certiorari with the United States supreme court, its officials said today.

The supreme court will not be convened until October 3, it was stated, and by that time, the execution of the negroes will have been carried out.

(By the Associated Press)  
Little Rock, Sept. 8.—Counsel for the Elaine negroes, under sentence of death, stated today they would appeal to Governor McRae to stay their execution until their application for writ of certiorari can be heard by the United States supreme court, which would be after October 3.

Failing in their appeal to Governor McRae, it was said today efforts probably will be made through federal court to prevent electrocution of the blacks.

## TO NAB HEADS OF REVOLTERS IN COAL FIELD

(By the Associated Press)  
Logan, W. Va., Sept. 8.—Forty warrants were issued here today for the arrest of men who are alleged to have formed a part of the armed forces, whose march into Logan county last week resulted in intervention of federal troops under order of President Harding.

(By the Associated Press)  
Charleston, W. Va., Sept. 8.—Federal troops are in complete control of the district through which the revolt of miners spread before the army came.

All revolting forces appear to have been dispersed, and arrangements were being made today for the return of some of the federal troops to their home stations.

## ASK FORD SUBMIT BID FOR M. & N. A.

(By the Associated Press)  
Detroit, Sept. 8.—Henry Ford has been invited to purchase the defunct Missouri & North Arkansas when the road is offered at auction next month. Delegates representing several of the towns along the line of the road conferred yesterday with E. G. Liebold, secretary of Mr. Ford, who was out of the city when the delegation called at the Ford offices.

Missouri and Arkansas men conferring with the secretary pointed out that the road passes through a region heavily timbered and rich in manganese deposits.

## LENINE DECLINES PROBE OF RUSSIA

(By the Associated Press)  
Moscow, Sept. 8.—The Bolshevik government has declined to permit the international Russian relief commission, recently appointed by the allied supreme council, to investigate Russian conditions preparatory for work to relieve the famine.

## SOVIET KILLS 61 HELD AS PLOTTERS

(By the Associated Press)  
Riga, Sept. 8.—Sixty-one persons have been executed by the Bolshevik government on charges of participation in the recent Petrograd revolt, according to the official list printed today in Petrograd newspaper Pravda. Of the number 16 were women.

## Home for Sale

Near Hendrix College, near 1 acre lot. Beautiful shade; east front. One-half block from pavement under construction. 6 rooms and bath. A Modern Home.

A Bargain
